10/13/2017	Friday	10:08am 10:36am	Steve Howse Darcy Stinson	*Text/email*	Odor	*Drove/Walked*	*Mike H 10:13am*	Text from Steve Howse:It smells really nasty, knock you on your ass, trash smell this morning. I confirmed the odor at Steve and Darcy House. The landfill just came by and verified the odor and said they were sarry about it because they are drilling wells and bringing rotten trash from the last month or so to the surface. We are suffering here in Val Verde. I will be forced to leave my house this morning as i can not take much more of this stench. Darcy Please don't drill and bring rotten trash to the surface in the morning anymore. Last time you guys did this you said you would not do it again.... and here we are once again!!! A trash odor was detected in result of horizontal gas collector installation, gas well placement was suspended.

11/24/2017	Friday							Larry Israel came into the office at 10:45AM and notified me that he received 4 odor complaints from Val Verde between the hours of 9AM-10AM; he confirmed 3. Two of the complaints were from the same person. He noted that he smelled trash. I drove him up to the working face where he observed the wind and was confident that the odor would no longer be a problem. He took a wind reading and informed me that he would be back out tomorrow morning to drive around Val Verde and inspect the flare.

I feel like a PRISONER IN MY OWN HOME!!! DOES ANYONE CARE??? 12/01/2017** The landfill smells so bad at my house right now. You all are on notice once again for allowing the landfill to make it unbearable to live in my own home.

12/26/2017	Tuesday	10:30am	Donald Lincoln/Monroe	Called the site	Odor	*Drove*	*Tyler R 11:00am*	We received a phone call from Donald at appx 10:30am regarding a trash odor off of Lincoln and Monroe in Val Verde. I called Donald back at appx. 11:00am. He said that his trash is full and was not sure if it was the landfill or his own that is smelling. He wasn't sure if we are burning trash or something of that nature. I drove Val Verde and did smell a faint trash odor at Lincoln/Monroe, I also smelled a fireplace type odor in the area as well. I am adjusting the fan placement and having the water pull continue to spray deodorizer on the working face/west slope.
