I drove through Val Verde at approximately 10:05am, I noticed a faint trash odor on Chiquito Canyon rd. I did not smell an odor near the residence, I continued driving and smelld a faint odor on Harding, I did not detect the odor anywhere else. I stopped by the residence and he said he smelled the faint odor at that very moment, I could not smell it at that time.	I drove the perimeter of the landfill and did not detect any odors, I verified the odor control systems were in operation. I drove closer to the working area and did not detect the same odor.
