24-Hour Hotline/Emergency Number: (877) 263-2561

What's New

Chiquita Canyon Landfill (CCL) held a “free disposal day” on Saturday, June 5, 2021, for residents of Val Verde and Castaic. The next upcoming free disposal day is Saturday, September 11, 2021. Each resident is allowed up to one-ton of disposal free of charge.

CCL is closely monitoring the current situation regarding COVID-19 and following guidance from the CDC, WHO, and our state and local public health officials. To help ensure your safety and the safety of our employees, CCL ask that residential garbage customers bag all trash before placing it in their container. Additional disposal guidelines for various items can be found here:

https://www.wcicustomer.com/cv_msg.php?district=4050

The CCL Community Advisory Committee (CAC) met on June 29, 2021 via Zoom meetings. The Los Angeles County Department of Regional Planning will post a notice on their website for the next CAC meeting: <https://planning.lacounty.gov/agenda/cclcac>

CCL hosts a one-hour monthly community meeting as directed by the Stipulated Order for Abatement from the South Coast Air Quality Management District (SCAQMD). Zoom meetings were held on April 19, May 10, and June 7. The next meetings are scheduled for July 12 and August 16. A Zoom link to participate in the meeting can be found on CCL’s website: <https://chiquitacanyon.com/reports/odor-mitigation/>, along with past presentations.

Regulatory and Permitting Activities

During the 2nd Quarter of 2021 (Q2; April through June), CCL continued coordination with regulatory agencies in support of necessary permits for ongoing expansion activities, including:

- Los Angeles County Department of Public Works, in support of grading permits for CCL’s new entrance facilities and Cell 8 construction
- Caltrans, in support of improvements along SR-126 required for CCL’s new entrance facilities
- Regional Water Quality Control Board, in support of a Water Quality Certification under Section 401 of the Clean Water Act for construction of Cell 8 and new entrance facilities
- United States Army Corps of Engineers, in support of a Nationwide Permit under Section 404 of the Clean Water Act for construction of Cell 8
- CCL has obtained authorization from the California Department of Fish and Wildlife under Section 1602 of the California Fish and Game Code for construction of Cell 8 and new entrance facilities, as well as authorization from the United States Army Corps of Engineers for construction of the new entrance facilities.

Hotline and Emergency Log

CCL's 24-hour hotline can be reached at 661-253-5155. In Q2, CCL's hotline received 1 anonymous complaint related to odor in April. In May, CCL was notified by the SCAQMD that they had confirmed six odor complaints on a single day, which resulted in CCL receiving a Notice of Violation (NOV). On four days in June, the SCAQMD notified CCL that they had received odor complaints, but the complaints were unverified. No complaints related to litter, noise or fugitive dust were received. The complaint log for Q2 2021, which describes remedial actions taken to mitigate complaints, is posted on CCL's website at: <http://chiquitacanyon.com/our-community/complaint-resolution/>

Additional information about odor mitigation at CCL can be found on CCL's website at: <https://chiquitacanyon.com/odor-mitigation/odor-mitigation.html>

Summary of Progress and/or Annual Reports

The Final 2020 Annual Compliance Report for Chiquita Canyon Landfill is available for review at the Castaic and Stevenson Ranch libraries and also on CCL's website at: <https://chiquitacanyon.com/reports/landfill-reports/>
